Vast Multitude Mr. Bryan Hurls Defiance

SCORES HIS OPPONENTS

Present Panic Originated in Policies Endorsed by Mr. Taft

Failures of Last Nine Months Exceed Those of Corresponding Period of 1893.

Cedar Rapids, Ia., Oct. 7.—"I present myself as an example of one who has outlived the venomous attacks of his opponents. You heard me called a demagogue 12 years ago. You saw them bury me and you heard them chant their songs over my grave, and now they have to explain why it happened that I was not dead."

With all the fervor that he could muster William J. Bryan, facing a vast assemblage in the Chautauqua Auditorium between Tama and Toledo, this state, delivered himself of this utterance. At no time during the present campaign has he spoken so earnestly or with such vigor.

His remarks followed a bitter denunciation of Mr. Taft for refusing to agree to a publication of campaign contributions before elections.

"No honest man and no political party conducting an honest campaign," he declared, "need be afraid of the light."

At Woodward he heaped ridicule on the Republicans by charging them with taking credit for the growth of crops, the shining of the sun and the bringing of rain.

"In fact," he said, "they seize upon anything that they think gives a plausible excuse for voting the Republican ticket."

At Maxwell he compared the granting of special privileges to a case of poison in the human system.

"There has been a poison at work in our politics," he declared, "and today its manifestations are such that I believe the American people are ready to apply the remedy and that poison is the poison of privilege, the poison of favoritism. Our government has been run too largely in the interest of the favored few."

Drawing large, cheering crowds all day in the course of his travels through the state, the Democratic candidate, never in better form, hurled defiance at his opponents and challenged them to meet his arguments.

Fifteen speeches and handshaking with thousands constituted his day's work, the concluding speech being made here last night. The keynote of his principal remarks was that Republican policies mean disaster, while Democratic policy means prosperity. "The Democratic party is absolutely necessary to restore prosperity," he declared. "The Republican party has had its chance and it has failed. We are now in the midst of a depression for which natural conditions furnish no excuse. Artificial conditions are responsible for the present business prostration, and those artificial conditions originated in Republican policies."

"The business failures for the nine months ended September 30 were 11,943 in number, and the liabilities amounted to \$179,000,000. It means that if the assets are worth, in fact, the amount at which they are placed, there will still be a loss of \$36,000,000 to account for."

"This tremendous loss comes at a time when crops are reasonably good and when nature has not withheld her bounty. It comes when the Republicans are in complete control. They have a President whom they endorse in their platform, a Senate completely in the hands of the Republican party, a Republican House

THREE RULERS WHO FIGURE IN THREATENED WAR IN BULGARIA.

Athens, Oct. 7.—A dispatch just received here apparently confirms the Constantinople rumor that Prince Constantine of Greece, was assassinated while attending Serbian army maneuvers. The city has been thrown into the wildest excitement by the report.

Vienna, Oct. 7.—The Austria-Hungarian foreign office today boldly announced that neither her annexation of Bosnia and Herzegovina, nor Bulgaria's declaration of independence, was a matter of concern to other powers, and that it did not care whether the annexation was recognized or not, as it was an accomplished fact.

The statement was issued as a protest against the calling of an international conference to revise the Berlin treaty. Bosnia, one of the provinces absorbed by Austria, is on the verge of rebellion as a result of annexation. Hundreds have been arrested and

of Representatives dominated by a despotic Speaker.

"We can assume, therefore, that they have done everything they could do consistently. Their policies seek to prevent the panic, and yet the panic is here. It comes, too, when we have a tariff so high that even the Republicans promise unequivocally to revise it immediately, and Mr. Taft has ventured the opinion that the revision will probably be downward."

"In amount the failures of the last nine months exceed in number the failures of the corresponding nine months of 1893, and the difference between the assets and liabilities is greater this year than it was in 1893, although the total amount of the liabilities was greater in 1893 than this year."

THE GOMPERS CONTEMPT CASE

Washington, Oct. 7.—At the request of counsel for the Bucks Stove and Range company, of St. Louis, Justice Wright of the District Supreme court, extended until October 29 the time for taking testimony in connection with the charges of contempt of court brought against Samuel Gompers, Frank and John Mitchell, officers of the American Federation of Labor. The defendants are given 30 days thereafter to take testimony in their behalf.

TYPHON DESTROYS MANILA CAMPS

Manila, Oct. 7.—The artillery post at Camp Stozenburg was destroyed yesterday by a typhoon that swept the island of Luzon. Nothing but the foundations of the post building remains. It is feared that Filipino scout posts at Camps Ward and Cheney near Manila have also been destroyed. American battleships at anchor in the bay weathered the storm without serious results.

martial law will be declared if the agitation continues.

Servia's threatened invasion of Bosnia and Herzegovina is so imminent that Austria has begun the mobilization of two additional army corps to resist Servia.

Canea, Crete, Oct. 7.—The island of Crete which occupies the same position toward Turkey as Bulgaria did, is momentarily expected to declare her independence and effect a union with Greece.

London, Oct. 7.—Germany looms up large as an obstacle in the way of an international conference for a settlement of the Balkan imbroglio according to British diplomats today. Austria will be the nominal objector, but back of Austria, Europe sees the hand of the Kaiser. The belief is strong here that England, Russia and France, with a possibility of Italy joining in the demand, will be able to force the conference despite Austria's objections. Diplomats admit that the Balkan situation is one of the most awkward that ever confronted them.

Belgrade, Oct. 7.—Mobs of angry Servians are today surrounding the Austrian legation, threatening to renew the attack which began last night and continued until dawn, when a detachment of soldiers succeeded in beating back the infuriated crowds. Troops are now guarding the legation. Every window in the legation building was broken.

New York, Oct. 7.—Cable advices received here this afternoon discredit the reported assassination of Prince Ferdinand of Bulgaria. Vienna has not heard the rumor and it is considered impossible for the prince to have been killed without the Austrian capital receiving word.

DRYS

Succeed in Capturing Two More Counties

34 SALOONS MUST GO

May Take Official Vote to Determine Result in Wyandot

Through Clerical Error Logan County is Certified to Count as Voting Wet.

Upper Sandusky, Oct. 7.—It requested the returns from the very last precinct yesterday to decide the local option election in this, Wyandot county. The result gives the drys a majority of 52. The drys polled 2722 votes and the wets 2670, according to the returns made to the board of elections. The wets claim a victory by a small majority, but their figures are believed to be incorrect. However, it will require an official count to determine the result. Twenty-two saloons are driven out. Women with carriages helped to get out the dry vote. Upper Sandusky voted wet by 350 and Carey by 2.

PAULDING ALSO DRY.
Paulding Oct. 7.—The drys carried Paulding county yesterday with a majority of 1162. In all 12 saloons are driven out.

LOGAN CERTIFIED "WET."
Bellefontaine, Oct. 7.—Logan county was voted dry Monday by a majority of 1773, but the board of election officials in certifying the vote to the court gave the victory, by a clerical error, to the wets. The Liberal League adherents claim the court record will stand as evidence and that the drys will have to petition again for a local option election. The drys will carry the case to the courts if necessary.

HANCOCK COUNTY TO VOTE.

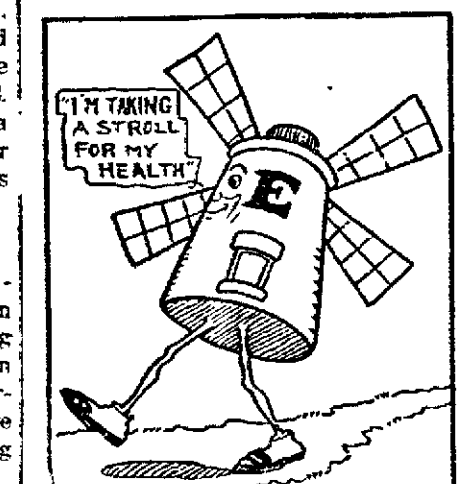

Findlay, Oct. 7.—Petitions for an election under the Rose law are now being prepared in Hancock county, and will be put in circulation about Oct. 15. Next Sunday representatives of the Anti-Saloon league will occupy all the pulpits in Findlay. There are 42 saloons in the county.

TAFT MANAGERS KEEP ROOSEVELT OFF THE STUMP

LONGWORTHS

Pass Through Newark Wednesday On Their Way Home from Pittsburg.

Congressman Nicholas Longworth and his wife, formerly Miss Alice Roosevelt, passed through Newark Wednesday afternoon on the 12:50 west bound Pennsylvania train, going from Pittsburg to their home in Cincinnati. Owing to the fact that it was known only to a few that the couple were going through Newark, there were none gathered at the station. Messrs. George Stoner, Fritz Seiler and an Advocate man were greeted by Mr. Longworth and his wife on board their car, "Ruthella," for a few moments. Mrs. Longworth was attired in a navy blue traveling jacket, while Mr. Longworth wore a jacket and light cap.

INTERURBAN WATCHMAN FIGURES IN TRAGEDY

Columbus Man May Have to Face Manslaughter Charge—Boy's Father Will Not Push the Case But Prosecutor May.

Columbus, Oct. 7.—Broken in spirit, Frau Lucy, of 68 East Duncan street, watchman at the Gay street interurban station of the Ohio Electric Co., is held at the city prison for shooting to death John Price, aged 18, of 652 McCoy street, who was caught robbing a penny candy machine in front of the station early yesterday morning.

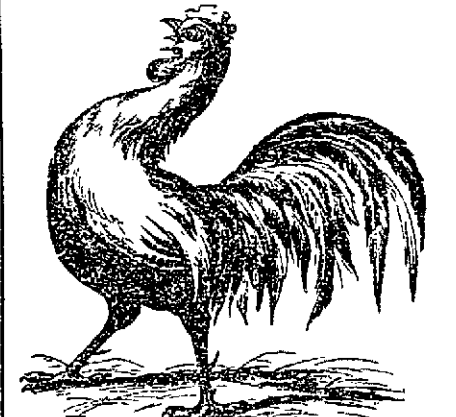

Chief O'Connor and Coroner Murphy are investigating the case in an effort to learn whether Lucy was justified in shooting Price when he would not halt. The chief declared the parents of young Price could prosecute the watchman under a charge of manslaughter if they cared to do so. Robert F. Price, attorney, father of the dead boy, declared to the coroner yesterday that he would not push the case, as his son was guilty of robbing the candy machine and the watchman

friends. For two years he was district passenger agent. Robert Koch, of the Columbus traction office, will take Mr. Larason's place.

ASSIGNMENTS

Of Democratic Meetings and Speakers By the County Central Committee.

Democratic enthusiasm is running high in old Licking. Not for years has such general interest been manifested in a campaign as that shown by the Democrats this year, and there is a general demand for speakers from all parts of the country. In view of the unprecedented enthu-

siasm shown by the people for their leaders, Bryan for President, and Harmon for Governor of Ohio, and the desire of all Democrats to put their shoulders to the wheel this fall, the Democratic county central committee has made arrangements to hold big Democratic rallies in every part of the county, at which Bryan clubs will be organized. did what he thought was his duty. If the father does not prosecute, it then remains to Prosecutor Scarlett to take the step. Scarlett declared yesterday afternoon that he had not decided on what he would do.

Three locks found in the dead boy's clothing at the morgue lead the police to believe that other machines were opened before the tragedy at the interurban station.

Watchman Lucy declares Price was 20 feet ahead when he fired the shot. The bullet struck the boy in the right side of the back and passed through the body, piercing a lung. Mrs. Price, the boy's mother, is in a serious condition as the result of the shooting. She suffered a nervous breakdown yesterday. The boy's body was removed during the day to Schoedinger's undertaking rooms, from the morgue, and the funeral will be held today from the residence.

Hill and others "interests" in Minnesota. The committee quotes George J. Loftis, of St. Paul, commissioner of Minnesota for the Minnesota Shippers' Association, for the charges.

WIFE MURDERER FAST BECOMING NERVOUS WRECK

Ernest Terwilliger Moody and Morose
and Seldom Talks of His Crime
---Physicians Make Examination.

Broken in health and now a complete nervous wreck, Ernest Terwilliger, who confessed to strangling his child-wife to death on the night of the 21th of last May, broods and pines in his cell in the county jail, under the constant attention of his physician. Terwilliger's nervous state is such that it is said to be necessary to administer sedatives to him at regular intervals.

Terwilliger shows no disposition to talk unless urged to do so. The prisoners who are with him in the big jail only occasionally attempt to in-

terest him in conversation, and afterwards, according to attendants, he lapses into moody silence resting with his head in his hands or lying on his cot. He seldom talks of his crime.

The confessed-murderer is emaciated and wears the sickly prison palor on his cheeks, while his eyes are sunken and expressionless.

At the solicitation of the prosecutor, Dr. J. T. Harbottle recently conducted a hasty physical examination of the prisoner, taking head and body measurements, and testing the heart and lungs. He stated Tuesday that he will not be prepared to make a formal report on Terwilliger's condition, until after he has made a second and more complete examination, but admitted that the young man's condition is serious.

Dr. J. W. Hornby has called upon Terwilliger several times recently and is quoted as saying that he feared a complete physical collapse before his case could come to trial unless that be soon. The prisoner eats but little food and, although he appears to sleep well, shows no signs of refreshment from his night's rest.

The position of Terwilliger's case on the trial docket of the court has not yet been assigned, but it will probably be set for sometime during the present term.

UNKNOWN

Dead Buried in Potters Field Tuesday Afternoon---No Clue To Identity Discovered.

Quietly and without a mourner beside his lonely grave, the remains of the unidentified boy were buried at 10 o'clock Tuesday afternoon in the Potters field along with the other unknown and unclaimed dead. No one was present at the burial except Undertaker McGonagle and the cemetery assistants and the work was done quietly and quickly.

Nothing was heard from Columbus and the supposition is that the McDonald missing in Columbus must have been located. Yet it is unexplained why the unknown dead boy claimed to have been McDonald, and it will probably always remain a mystery.

Two women and a young man from Academia, a suburb of Mt. Vernon, came to Newark Tuesday night to see the remains, for their son and brother had disappeared from his home last Saturday and they thought the body might be his, but their fears were set at rest when they said the missing lad was only 15 years of age.

Still Alarm of Fire. Two of the firemen, with the small chemical, repaired to the scene and quickly extinguished the fire.

Violating Ordinance. In spite of the city ordinance and the orders of the mayor, people still continue to burn leaves and rubbish on the paved streets of the city, knowing that the heat from the fire cracks and spoils the brick. As a result of the inattention to the orders of the city council, strict orders have been issued to the police, and a call over the phone from police headquarters or in the person of an officer, ordering the violators to appear before the mayor need not be unexpected if the citizens continue to violate the ordinance.

Still Spry at 98. Mr. Henry Hanley of Jacksonville, one of the oldest—if not the very oldest—men in Licking county, was in the city Tuesday morning. Mr. Hanley is 98 years old and is still hale and hearty, and while in the city got around without any assistance, with the spryness of a man many years younger. Mr. Hanley was born in Loudon county, Va., and came to Licking county when only 16 years old with an elder brother. They settled in the wilderness near Brownsville, where they built a log cabin and lived the life of pioneers. Finally he moved to Linville, where he lived for some years, and about twenty years ago moved to Jacksonville, where he has resided ever since. His wife died about eighteen years ago. He has one

How to Make Tomato Relish. To one peck of firm tomatoes peeled and chopped fine and placed in a sieve to drain add one cupful of chopped onions, two cupfuls of chopped celery, one cupful of white mustard seeds, one-fourth cupful of sugar, three red peppers, chopped fine, one teaspoonful of black pepper, cinnamon and mace, one quart of vinegar and salt to taste. Mix together and put in air tight jars. Tomatoes must not be scalded, but peeled cold, as they must be firm; also be sure to drain all the water from them. This is a tasty relish for cold meats and one that will keep.

How to Cure a Headache. A sheet man under a roll and put under the back of the neck will often relieve a severe headache when the pillow has failed to be comfortable. If the ache continues to be stubborn place a hot water bag at the patient's feet for a few minutes, if she is too ill to sit up, and put her feet in hot water. Then let the patient rest in a darkened room with a hot water bag at the base of the brain. The quiet and warmth will prove effective, and the patient will soon feel well again.

How to Clean Gold Ornaments. Gold ornaments unadorned with gems should be washed in warm soapsuds. THE DINNER PAIR IS STILL EMPTY

Inasmuch as the Republican party has unctuously claimed responsibility for every wave of prosperity that has swept over this country in the last decade, how is it to shift the responsibility for the times of depression that are now upon us?

The panic which started last fall as a banker's panic has now reached the working man good and hard, and he is decidedly worse off than he was in the panic of 1893, because the cost of living is much higher now than then. The cry of "the full dinner pail" is now a thing of the past—in truth, the dinner pail has been empty for many months and it is still empty after all the Republican efforts to bolster up business conditions.

IF YOU HAVE NOT REGISTERED
DO NOT FAIL TO DO SO THURSDAY, OCTOBER 8.

The Democrats of Licking county have an unusually excellent county ticket in the field this fall from top to bottom. Every candidate on the ticket is a first class citizen, and splendidly qualified for the position named for. The voters of the county will make no mistake in electing every one of them.

THURSDAY, OCTOBER 8, IS THE
NEXT REGISTRATION DAY.

The Republicans originally nominated Andrew L. Harris for Lieutenant Governor in 1905, and when they did it they considered that that office was as high up as his merits and capacity ranked. And, don't forget that Harris was the "wet" candidate for Lieutenant Governor in 1905, though he has trumped up a temperance issue to run on in 1908. But by the death of Governor Patison, Harris became Governor by accident, after which, of course, followed his absolute control by the Cox-Guilbert-Brown bosses, whose bidding he is now doing. Otherwise the Republicans would never have thought of Harris as their candidate for Governor.

Don't put off registering till the last day or hour. Register tomorrow.

Amid all this letter-writing, with charges and counter-charges and shattered reputations, keep in mind that Bryan, as always, stands forth without a blemish. Also keep in mind that the issue of the campaign is "Shall the People Rule?" and Bryan stands for Popular Rule as opposed both to an Oligarchy of Wealth and a Dictator. He will not be a candidate to succeed himself, nor will he attempt to dictate his successor. Bryan believes in the People.

Voters must not forget the fact that everybody must register this fall, if they wish to vote. This is presidential year, you know.

Oct. 7 in History.

- 1779—Count d'Estaing and General Lincoln repulsed in an allied attack upon the British at Savannah.
- 1846—Edgar Allan Poe, American poet and prose author, died in Baltimore; born 1809.
- 1871—Beginning of the great fire which nearly destroyed the city of Chicago.
- 1894—Andrew G. Curtin, war governor of Pennsylvania, died; born 1817.
- 1907—Professor David Masson, noted Scotch scholar and historian, died at Edinburgh; born 1812.

WHY, SENATOR WEST?

A circular has been sent broadcast over the state antagonizing the efforts of the Direct Legislation League to secure pledges from candidates for the legislature favoring submission to the voters of an initiative and referendum amendment to the constitution.

This circular is sent out by an organization calling itself the Ohio Representative Government League. The most significant feature of the circular letter is that it bears the signature only of the League's secretary. The president of this self-styled Representative Government League is Senator Samuel H. West, Republican floor leader in the senate, who most bitterly opposed the initiative and referendum resolution at the session of the legislature this year. If a special session of the legislature were to be called for any purpose this year Mr. West would promptly take his place as leader on the Republican side of the senate.

Senator West, setting himself up as an example of "representative government," not only seems unwilling to trust the people, but hesitates to have his name appear on literature lobbying against the rule of the people.

Senator West will probably agree with Mr. Taft and Mr. Sherman and Speaker Cannon that "the people do rule." But "Representative government" that is afraid to have its acts referred to the people for approval comes near to open avowal that it is misrepresentative misgovernment instead of the rule of the people.

TOMORROW IS SECOND REGISTRATION DAY

Everybody must register this year. Those who neglect to do so cannot vote.

The Republican candidate for President thinks there may be some articles upon which the duties ought to come down, but out of consideration for the Trusts he prudently refrains from naming any of these articles—until after the election.

SECOND REGISTRATION DAY,
THURSDAY, OCTOBER 8.

The question for the voters of Ohio to settle in November, and it ought to be so non-partisan as to be almost if not entirely unanimous, is whether corruption shall flourish in Ohio as it has flourished in Pennsylvania, or whether there shall be a thorough house cleaning at the state house and an examination of public records to show the people who have been told by arrogant officials that what is "none of their business" is after all the real and important business of the people.

No temperance Democrat should permit any of Governor Harris' specious arguments on the temperance question to blind him to the fact that Judson Harmon is as fearless an exponent of law and order as this state has ever produced.

While Hearst, the Independence party leader, is traducing Democratic candidates, it develops that the nominee for Congress on his own ticket in Columbus is an ex-pen con., and he claims he is "eligible."

Bryan clubs are springing up all over the county and the strong support of the Democratic party is being made manifest by these organizations which are enthusiastic in their efforts to secure large memberships.

Buffalo Republic: This is the workman's fight and its loss will set back the cause of labor for fifty years. The issue is Organized Labor and the rights of the toiling masses vs. the swollen fortunes and the enslavement of labor. All workmen should rally to the Gompers standard. United you stand, divided you fall.

If the duties of 55 and 60 per cent on earthenware ought to be increased, in the estimation of Mr. Taft, it would be interesting to learn before the end of the campaign what duties he thinks ought to come down.

The good bankers who assembled at Denver appear to have overlooked the consideration that it is the bad bankers against whom the people are seeking protection for their deposits. The more secure the protection against bad bankers the greater the confidence in all the rest.

started "The Devil" socially with great success. The New York Press says it is one of the strongest plays the stage has seen in a decade. Here are other extracts:

New York Herald—Astounding. * * * The audience breathless.

New York Telegraph—Mr. Savage called before the curtain to acknowledge a cyclone of cheering for his unparalleled feat.

New York Tribune—A roar of applause followed the curtains on the second act.

Beatrice Fairfax—A lesson of all women and men in this wonderful story.

This forty column story will appear in this paper beginning tomorrow, Oct. 8th. It has been novelized by Joseph O'Brien from Oliver Herford's adaptation of Molnar's play. In addition to a most successful run in Europe, Oliver Herford's adaptation is being played nightly to crowded houses at the Garden theatre, New York.

FAIRFIELD COUNTY FAIR

At Lancaster October 11, 13, 16 and 17, 1908.

Bigger and better than ever the annual exposition of the Fairfield County Agricultural Society will open this year on October 14. For over half a century the "Lancaster Fair" has been an institution to which all looked forward with pleasant anticipations and it has had a record of uninterrupted success. It is held at the most beautiful grounds in the state. It is the "harvest home reunion" of Central Ohio at which old friends meet and greet one another and new friendships are made.

The grounds have been beautified the buildings put in first class condition, over \$5,000 have been expended on new buildings, and improvements, and no pains have been spared to make this the best and the greatest of the Fairfield County Fair. 7d2t

AMUSEMENTS

AL. WILSON TONIGHT.

Al. H. Wilson, the golden-voiced singer and "Ambassador of German dialect," as he is appropriately called, will be the attraction at the Auditorium theatre tonight in his song-bedecked play, "When Old New York Was Dutch" by Sidney R. Ellis. During the action of the play Mr. Wilson will sing his new songs, entitled The Old Chimney Corner, Whispering Breeze, auf Wiedersehen Fraulein, I Love a Lassie, Helen, Songs of the Camp, which includes a medley of national airs, and Tom Moore's beautiful Irish ballad, Believe Me, O! All Those Endearing Young Charms.

NOTES.

Dr. Sawyer will lecture at the Auditorium soon on Spiritualism. The date will be announced in the near future.

M. Duschemin, who has been representing the road interests of the Savage production of "The Devil," was in the city Tuesday, the guest of Manager Morse of the Auditorium. Mr. Duschemin is en route for New York, to become the general manager of Alfred E. Aaron's attractions.

D. E. Burdette, in advance of the Thorns and Orange Blossoms company, was in the city Wednesday.

THE PRESS AGENT SAYS:

The dramatization of the famous novel, "Thorns and Orange Blossoms," is even more interesting than the reading of it. The drama opens a wider play upon human emotions and human passions than perhaps any melodrama that has been produced. The reading public is familiar with the story. The scenery is especially adapted to the production of this play and the company presenting it is an exceptional one.

"Thorns and Orange Blossoms" will be the attraction at the Auditorium theatre October 10, matinee and night.

EXTRAORDINARY COMPACT.

Amherst Professor Said to Have Agreed to Sell His Head For \$10,000.

Professor John Mason Tyler, stone professor of biology at Amherst college and son of America's greatest Greek scholar, is reported to have made an extraordinary compact with scientists of wealth whereby he has sold his head after death for \$10,000. At the college in Amherst, Mass., the report was circulated, and Professor Tyler was recently asked by a reporter of the New York Herald for its verification. He declined to make a direct statement, but said that during his student days at Leipzig he believes he made some such agreement.

It is because he is reputed to have the best shaped head in America, with a most extraordinary brain development, that the question becomes of interest to science. All the experts in America are familiar with Professor Tyler's head, and it is common knowledge that they regard it of great value to the scientific world. The professor's memory and fund of information are phenomenal.

"I suppose this story may be the result of an experience I had years ago when I was a student at Leipzig," said the professor. "It was only a joke. One day an Austrian student and I were leaning over a table studying, with our heads close together, when one of the old professors entered the room. He stood looking at our heads for some time before we noticed him and then said, 'You two fellows have the finest types of the square head and the long head I have ever seen. I wish you would leave them to me after you are dead.' We promised we would."

"The young Austrian's head was very square and large, and mine was very long, so I suppose the pair of them did look rather odd there together. That is probably the way this story started."

"But is it true that you have sold the rights to your head after death for \$10,000 and that Mrs. Tyler is seeking to break the contract?"

"Ha, ha!" laughed the professor. "I guess \$10,000 would be a pretty good price for a dead man's head, but I am not advertising mine for sale. As for the story, I will neither admit nor deny it."

BOYS PAY TO BE SAILORS.

White Star Training Vessel Ships Forty Cadets at \$1,000 Per Head.

The White Star line training ship Mersey has sailed from Liverpool on her first voyage for Melbourne, Australia, with forty cadets whose parents have paid \$1,000 each to have their sons trained for four years to become officers in the merchant marine. The boys will be instructed in navigation as well as seamanship. The cadets have been recruited from the middle class families in England. After passing the second mate's examination they will be eligible for a position as sixth mate at a wage of \$30 per month.

The company has been forced to equip the Mersey on account of the dearth of officers in England. Fifteen years ago the Peninsular and Oriental company had a waiting list of applicants containing over 300 names, and last summer the company was compelled to take cadets who had never been to sea before from the schoolships in the river Thames and Mersey as fifth and sixth officers on their liners to the far east.

With forty boys on the Mersey the few able seamen who have been shipped to lead the watches will not have a easy time. The White Star line will not lose money, as it gets \$40,000 cash, and the Mersey will be run at comparatively small cost.

A WANAMAKER BELFRY.

Memorial to Thomas B. at Falls of Schuylkill to Cost \$150,000.

What is expected to be one of the finest belfries in the United States is to be erected as a memorial to the late Thomas B. Wanamaker at the Episcopal Church of St. James the Less, Falls of Schuylkill, Pa. It will cost \$150,000 and have a set of chimneys to be brought from abroad. It is to be erected by the Wanamaker family.

Beneath the tower, which will be built of granite, will be the mausoleum of Mr. Wanamaker. Heavy bronze doors of elaborate workmanship will open into the tower proper and the mausoleum. The interior will be finished in fine white marble. The design will be Gothic to conform with the church.

Tribute to Uncle Remus' Memory.
Thomas F. Ryan of New York, capitalist, has contributed \$1,000 to the fund being raised for a memorial in Atlanta to Uncle Remus (Joel Chandler Harris). The check was accompanied by the following letter:

To the committee in charge of the collection of funds for a memorial to Joel Chandler Harris, who has made so many little ones smile and wonder and who has lifted, at least for a time, the burdens of care from many of us who are no longer children, and growing old and weary: Please use this check as the majority of your committee may decide would be most pleasing to Harris were he able to direct its use. Yours sincerely,
THOMAS F. RYAN.

Spineless Cactus at a Banquet.
The Burbank spineless cactus fruit was served as a dessert the other night at the banquet of the Santa Rosa (Cal.) chamber of commerce. This is the first time since the scientist announced the result of his experiments with the cactus that the fruit of the plant has been utilized as food at a public function and brought forth considerable favorable comment. The fruit was donated by Mr. Burbank.

DENISON STUDENTS

ADDRESSED BY MEMBER OF BOARD OF COMMERCE ON TAXATION AMENDMENTS.

Granville Waterworks Prove Efficiency During Drought—General News of the Village.

Granville, O., Oct. 7—Mr. Percy Whitlock, representing the State Board of Commerce, delivered an interesting talk to the students in chapel, Tuesday, relative to the taxation amendment, which are to be voted on by the people of Ohio this fall. Mr. Whitlock thoroughly explained the provisions of the proposed amendments and spoke of the difficulties of getting any kind of an amendment passed for the reason that it requires a majority of all the votes cast. As this is a presidential year and the vote will be unusually large, the majority required to secure the adoption of the pending constitutional amendments will be correspondingly large. He urges all the students to support the amendments and vote for them.

Hallowe'en is not very far distant, and no doubt the usual amount of mischief will be perpetrated on that occasion. There will be no cabbage to throw this year, but corn will be plentiful. However, the Granville constable will keep a sharp lookout and it is quite probable that several extra officers will be on duty this year.

Mrs. Charlotte Wilkinson, of Omaha, Neb., has arrived here for a short visit with relatives and friends. Mrs. Wilkinson formerly resided in the western part of Licking county, but moved to Omaha a number of years ago.

The big frost has painted the autumn leaves all kinds of beautiful colors, and the romantic girl can form a collection that will rival the most beautiful rainbow in hues. While it is not necessary to go to the woods for the leaves, many of the young people are availing themselves of the delightful weather to do so. Tuesday afternoon large numbers of the students, both the young men and the girls, visited the woods north of town, and other parties are out today.

If you want to hear a political speech that will be worth hearing, attend the meeting of the Denison Harmon club, at Cleveland hall tonight, and hear Hon. B. F. McDonald speak on the issues of the campaign.

During the present long protracted drought the efficiency and worth of the Granville waterworks has been demonstrated to a marked extent. Notwithstanding the fact that in many towns in central Ohio the authorities have been compelled to warn the people regarding the danger of a needless waste of water, no restrictions have been placed upon the patrons of the Granville plant, and the hours for using the service have not been reduced at any time this summer.

Thursday, October 8, the next registration day.

MISS SIEGFRIED STARTS ON LONG TRIP TUESDAY

Final Destination, Laoab, Island of Luzon, Where She Will Do Missionary Work.

Miss Sylvia Siegfried left her home in Croton, Tuesday, to start on her several weeks' journey to the Philippines where she will take charge of a school at Laoab, Island of Luzon, under the direction of the foreign missionary society of the Disciple denomination.

Miss Siegfried was started on her journey by her brother, Assistant Postmaster S. E. Siegfried, of this city, who has been spending the past few days at home with her.

The first stop made by the former Newark High school teacher will be New Orleans, La., where she will attend the national convention of the church under whose auspices she assumes her new charge.

After a couple of days in that city she will go to Frisco by way of the Southern Pacific. She will sail from the California coast the last of next week and will take up her duties immediately on her arrival on the island.

Miss Siegfried has been considering entering the foreign missionary field for several months and has been working successfully toward that end, taking a course of special training for that purpose in the city of Chicago.

A few weeks ago she met with the foreign mission board of the Disciple church in Cincinnati, when arrangements were completed for her trip.

It was at first thought to station her at a school in Havana, Cuba, but later the board deemed it advisable to send her to Luzon, as her examinations were so successfully passed in every respect that she was judged capable of filling a more exacting position.

Miss Siegfried's parents are Mr. and Mrs. William H. Siegfried of Croton, and she has a number of relatives in this city, besides her brother.

MILLINERY

Store Robbed of \$150 Worth of Plumes—Skeleton Key Used to Open Door.

The millinery store of Mrs. Anna B. Hoover, North Second street, was entered by burglars some time Tuesday night and plumes to the value of \$150 were taken by the thieves, who made good their escape without leaving the slightest clue for the police to work on.

Entrance to the store was gained through the side door that opens in the alley, and which is located directly across from the Livingston saloon. The screen door was full of holes of sufficient size to allow the robbers to reach in and unhook the door, and though the door to the room was locked and the key left in the lock by the clerk that locked up, the key was pushed from the door and a skeleton key used to effect the entrance.

Seven plumes, valued at \$10 each, and several others bringing the loss up to about \$150, were found to be missing Wednesday morning. Nothing else was disturbed. An investigation showed the key from the door had been shoved from the lock with sufficient force to throw it under a table some little distance away.

TOMORROW is the second registration day. Every voter must register this Presidential year, or he cannot vote.

"I have used and seen used, several hair tonics and so-called renewers, but never had any come to my notice that can ever compare with Parisian Sage. It leaves the hair clean, fluffy and silky, and does not leave one particle of stickiness." Mrs. Ida Wilcox, hair dresser, Coldwater, Mich.

KING MANUEL OF PORTUGAL, PRINCESS WILL WED AND HIS ROYAL PALACES.

Cable dispatches from Lisbon confirm the reports of the betrothal of Patricia of Connaught to King Manuel II. of Portugal. The princess is a favorite with her uncle, the king of England, and one of the most beautiful women in all royalty. She poses as a maid of her own, too, for she rose as King Alfonso of Spain, when he sought her hand before he fell in love with Princess Ena of Battenburg. When she learned that Alfonso had accepted her "no," and was paying court to her cousin, she said, "I was wise to refuse him, for a man who can change his affections so

quickly can hardly take life seriously. Princess Patricia is a close friend—in fact, a cousin—of Mrs. John Hubert Ward, daughter of United States Ambassador Reid.
